

Wedding Sculpture & Wedding Cake Toppers

These sculptures provide brides and grooms with a truly unique keepsake: a gleaming elegant wedding cake topper that stands apart from anything else on the market. After the celebration, the cake topper becomes a new, meaningful piece of art for the couple's home. Each cake topper is an original sculpture designed to preserve the joy of the wedding day forever. They celebrate, capture and memorialize that special moment in time when two lives and hearts join together in life and love. And, they become beautiful heirlooms that promise to give heartfelt pleasure for generations to come. Smaller versions, along with matching pieces of jewelry, provide gracious gifts of appreciation for parents and the wedding party. We offer a broad selection of pewter wedding sculptures, and many have optional silver and gold plating. Each sculpture comes with a certificate of authenticity. We also include instructions for the cake maker. We take phone orders and ship anywhere in the world! For more information, call 530-621-1164 or email us at info@bennettgallery.net.
